Cate lacrimi am varsat ascultand piesa asta! O melodie de dragoste foarte frumoasa, asa ca sper sa va placa si versurile.

Versuri in limba romana

Nu pot sa dorm noaptea,
Sunt intepenita langa telefon
Stiind ca nu esti singur.
Ea e chiar acolo langa tine.
Incerc doar sa ascund
Tot ceea ce simt in inuntru meu,
Pot sa simt legatura
Cand stai langa mine.
Ma simt ca un vas pierdut pe mare,
Devine greu de ignorat,
Nu e ca nimic de pana acum.
Stiu ca e o nebunie iubite, dar imi doresc mai mult.

Imi doresc sa fiu aproape de tine
Si sa iti simt fiecare miscare.
Niciodata nu mi-am dorit sa simt astfel.
Poate o sa treci pe aici intr-o zi.
Imi doresc sa fiu aproape de tine
Si sa iti simt fiecare atingere
Pentru ca cerul nu va vindeca felul in care simt.
Dumnezeu stie ca mi-am dorit asa de mult!
(Mi-am dorit asa de mult)
(Mi-am dorit asa de mult)

Sunt singura vinovata.
Incerc sa explic,
Dar ma va costa atat de multa durere,
Inima ta e ocupata.
Incerc sa intorc timpul,
Dar timpul nu a fost niciodata de partea mea.
Pot sa simt legatura
Cand stai langa mine.
Ma simt ca un vas pierdut pe mare,
Devine greu de ignorat,
Nu e ca nimic de pana acum.
Stiu ca e o nebunie iubite, dar imi doresc mai mult!

(Imi doresc sa fiu atat de aproape de tine)

Imi doresc sa fiu aproape de tine
Si sa iti simt fiecare miscare,
Niciodata nu mi-am dorit sa simt astfel.
Poate o sa treci pe aici intr-o zi.
Imi doresc sa fiu aproape de tine
Si sa iti simt fiecare atingere,
Pt ca cerul nu va vindeca felul in care simt.
Dumnezeu stie ca mi-am dorit asa de mult!

English lyrics

I can't sleep at night,
Starin' at the phone
Knowin' you are not alone.

She is right there by your side.
I'm tryin' just to hide
All the things I feel inside.

I can sense the chemistry
When you're standin' close to me.
I feel like a ship that's lost at sea.

It's gettin' harder to ignore,
It's not like anything before
I know it's crazy baby but I want more!

I wish I could be close to you
And feel your every move
Never meant to feel this way.
Maybe you would come around one day.

Wish I could be close to you,
To feel your every touch
Cause the sky won't heal the way I feel
Heaven knows I've wanted it so much!
(Wanted it so much)

(Wanted it so much)

I've wished that
I could be
So close to you!

I'm the one to blame
Tryin' to explain
But I will cause myself such pain.

Your heart is occupied.
I'm tryin' to turn the time,
But time was never on my side.

I can sense the chemistry
When you're standin' close to me.
I feel like a ship that's lost at sea.

It's gettin' harder to ignore,
It's not like anything before.
I know it's crazy baby but I want more!

I wish I could be close to you
And feel your every move.
Never meant to feel this way.
Maybe you would come around one day.

I wish I could be close to you
To feel your every touch,
Cause the sky won't heal the way I feel
Heaven knows I've wanted it so much!

I wana to feel your every touch...
I wana be so close to you...
I want you to feel this way...
Feel this way
Feel the way I do
